Graphic Design Concentration

Volunteer

Post Stroke

Co-founder, Design & Strategy, Board Member

December 2020 – Present

Co-founded Post Stroke, a 501(c)(3) nonprofit organization, whose mission is to make stroke recovery information accessible to everyone. Responsible for the organization's branding, web development, and content strategy to reach more survivors.

Chadev

Co-founder & Organizer

November 2014 – December 2020

Co-founded and helped run Chadev, Chattanooga's developer community. Organized a weekly lunchtime talk series in which 50-75 local developers gathered. Responsible for the organization's branding, video livestreams, and helped run the community Slack.

Experience

Freelance & Contract

UI Designer & Frontend Developer

April 2018 – Present

Hired by Scribd to design and develop a website for their developers, enabling them to share technical work and attract new talent. Designed and built a website for Ace IoT Solutions to assist in selling their high-touch SaaS product. Established a long-term relationship with BoardGameGeek to redesign and rebuild their 20+ year old suite of websites and apps.

Simple Focus

UI Designer & Frontend Developer

November 2015 – April 2018

Designed and developed several client websites and apps. Worked closely with our research team and client stakeholders to ensure that both user and business needs were met from ideation to launch. Designed new features and cleaned up the HTML/CSS for two internal SaaS apps, Pulse and Ballpark.

Anonymo Labs, Inc.

Product Designer

August 2016 – February 2017

Spent six months embedded as an internal product designer, working closely with both design and development teams on new user stories. Made significant changes to the app's user experience and built a comprehensive UI library to improve app consistency and speed up iteration.

Chattanooga Public Library

Graphic Designer & Frontend Developer

April 2014 – November 2015

Maintained and added new features to their Drupal website. Assisted in the redesign of the library's brand and updated various digital and print collateral. Contributed design and code to local community and civic engagement programs.

Fillauer Companies, Inc.

Graphic Designer & Frontend Developer

May 2011 – April 2014

Designed and developed email marketing campaigns, digital ads, and other web-related graphics. Updated and maintained company website. Designed magazine ads and manuals for the company's inventory of prosthetic and orthotic product lines.
